Good News - it's March! 2009

Spring is...

Gold filling the world with sunshine, dressing the daffodils

Green freshening the earth we walk on, clothing the trees and hills

White crowning the lily and crocus, encouraging blossoming dreams

Blue flooding the skies above us, reviving the lakes and streams

Red calling attention to tulips or maybe a robin's breast

Purple finding the shyest violets and the pansies we all like best.

May Spring be a beautiful time for you.

Mark Evans at the piano. During "An Evening of Love Songs" in February.
